

GNSS

providing solutions
for life on earth

1st ANNOUNCEMENT

Munich, March 16–18, 2020

Exhibition Opening Sponsor

www.munich-satellite-navigation-summit.org

"GNSS – providing solutions for life on earth", this will be the theme of the 2020 edition of the **Munich Satellite Navigation Summit**, taking place on **March 16–18, 2020** at the **Alte Kongresshalle** in Munich. The organizing Institute of Space Technology and Space Applications (ISTA) of the Bundeswehr University Munich will invite experts from all over the world to talk about the latest news on Positioning, Navigation, and Timing and their role for modern agriculture, climate research, as well as other up-to-date topics and technologies.

The conference starts on **March 16, 2020** with the **Exhibition Opening** and **Champagne Reception** at **16:00 hrs**, followed by the **Opening Plenary Panel** at **16:45 hrs**. Afterwards a reception is giving opportunities for high-level networking with experts from industry, science and government.

TRENDING TOPICS of the 2020 edition

- First and Second Generation of the European satellite navigation system Galileo
- Modernization of the US Global Positioning System
- Status and modernization of the Russian Global Satellite Navigation System GLONASS and the Chinese Beidou System (BDS)
- Developments of regional systems like the Japanese QZSS and the Indian IRNSS
- Development of the Korean Positioning System (KPS)
- Modern Agriculture under the use of GNSS
- Sensing the Earth's atmosphere and surface with GNSS
- Autonomous systems and related legal issues
- Galileo and the civil use of the Public Regulated Service (PRS)
- Galileo/GNSS Ground Control Segments

...and many more up-to-date topics on GNSS!
